

USER MANUAL

Bluetooth Sound System for Spatec Outdoor SPA

1. The outdoor SPA must be connected to the power supply.
2. Follow the instructions on your Bluetooth device to start the pairing process. Usually this has to be done by accessing "Settings" or "Connection Menu" and selecting the options to find new Bluetooth devices.
3. "JOYONWAY" should come up on your Bluetooth device and ask if you wish to connect it. Select Yes, it will take a few seconds to connect.
4. Your device should now ask for a password or PIN. You must enter the password given to you at the time of purchase. You can contact us for more information.

Note: Keep in mind that not all SPATEC outdoor SPAs have a Bluetooth Sound System. Please contact us for further information.

The logo for SPAttec features a stylized 'S' in red and blue, followed by the word 'PAtec' in a bold, blue, sans-serif font.
